

ADVANCES IN HEALTH POLICY AND HEALTHCARE:

THE ROAD AHEAD

2nd Biennial Conference

of China Health Policy and Management Society (CHPAMS)

A Celebration of CHPAMS **10th Anniversary** (2008-2018)

Yale University

May 11-13, 2018

中国卫生政策与管理学会
China Health Policy and Management Society

Overview of CHPAMS-Yale Conference in 2018

Friday, May 11

| | | |
|---------------|---|---|
| 8:30-8:50AM | Welcome and Opening Remarks | Sten Vermund Dean, Yale School of Public Health Adam Chen President, CHPAMS |
| 8:50-9:00AM | Group Photo | |
| 9:00-9:50AM | Keynote I. | Lincoln Chen President, China Medical Board |
| 9:50-10:40AM | Keynote II. | Harlan Krumholz Director, Yale-New Haven Hospital |
| 10:40-11:00AM | Coffee Break | |
| 11:00-11:50AM | Keynote III. | T Paul Schultz Professor, Yale University |
| 11:50-12:50PM | Lunch & Talk | Lincoln Chen President, China Medical Board David Youtz President, Yale-China Association |
| 12:50-1:40PM | Keynote IV. | Paul Cleary Former Dean, Yale School of Public Health |
| 1:40-3:00PM | Round Table 1 | Hongyu Zhao, Shuangge Ma Professor, Yale University Gongwei Zhou Vice Director, Chinese Ministry of Health |
| 3:00-3:15PM | Coffee Break | |
| 3:15-4:05PM | Keynote V. | Jody Sindelar Professor, Yale University |
| 4:05-5:20PM | Round Table 2 | Michelle Bell, Yawei Zhang Professor, Yale University |
| | Breakout Sessions (A1-A3) | |
| 5:20-6:30PM | Info Session: Public Health Research Institutions | |
| 6:30-8:00PM | CHPAMS 10 year Celebration Dinner | |

Saturday, May 12

| | | |
|---------------|--|---|
| 8:00-9:15AM | Breakout Sessions (B1-B8) | |
| 9:15-9:30AM | Coffee Break | |
| 9:30-10:45AM | Breakout Sessions (C1-C8) | |
| 10:55-11:45AM | Keynote VI. | Mike Grossman Director, NBER Health Program |
| 11:50-12:40PM | Keynote VII. | Winnie Yip Professor, Harvard University |
| 12:40-1:10PM | Networking Lunch | |
| 1:10-1:50PM | Info Session: Healthcare Industry in China | |
| 1:50-2:40PM | Keynote VIII. | Gonghuan Yang Former Vice Director, China CDC |
| 2:40-3:00PM | Coffee Break | |
| 3:00-4:15PM | Breakout Sessions (D1-D8) | |
| 4:15-5:30PM | Breakout Sessions (E1-E8) | |
| 5:30-7:00PM | Campus Tour | |
| 7:00-9:00PM | CHPAMS 10 Year Celebration Party and Farewell Dinner | |

Sunday May 13

| | | |
|-------------|------------------|--|
| 8:00-2:00PM | Networking Event | |
|-------------|------------------|--|

Thursday, May 10 - Saturday, May 12

| | | |
|-------------|-------------------------|--|
| 8:00-5:00PM | Conference Registration | |
|-------------|-------------------------|--|

Breakout Sessions I

May 11 (Friday) 4:05-5:20PM

A1: Health insurance: Reimbursement

Does the Rate of Reimbursement of Out-of-Pocket Medical Expenses under the New Cooperative Medical System (NCMS) affect the Outside-County Consultation Rate? Evidence from Hubei Province in China.

Xue Bai Huazhong University of Science and Technology

Reimbursement for injury-induced medical expenses in Chinese social medical insurance schemes: a systematic analysis of legislative documents

Guoqing Hu Central South University

The impact of reimbursement policy on financial burden of End-stage renal disease (ESRD) patients: analysis of data set 2010-2016 in rural China

Junnan Jiang Huazhong University of Science and Technology

The Impact of Reimbursement policy changes on rehabilitation services for Children with disabilities in Shanghai, China

Mei Sun Fudan University

A2: Health care in older adults

Analysis on the Disease Burden of neovascular Age-related Macular Degeneration in Shanghai

Yanhong Zhu Shanghai Jiao Tong University

The impact of basic public health services provision on elderly health in China

Feng Huang Shanghai University of Finance and Economics

Epidemiological characteristics and influencing factors of falls among older adults in long-term care facilities in Xiamen, China

Liangwen Zhang Xiamen university

The subsequent course of disability in older persons discharged to a skilled nursing facility after an acute hospitalization

Zuyun Liu Yale University

A3: Healthcare market

Provider Diagnostic Ability and Inappropriate Antibiotic Prescription to Outpatients in China's Rural Clinics

Hao Xue Northwest University

Three Missing Links in China's National Healthcare Quality Strategy: Patient Involvement, Automated Quality Measurement and the Return on Investment

Junqiao Chen University of Oxford

Information Transparency and Price Dynamics: The Case of New Hampshire Healthcare Market

Rui Wang Tulane University

The Impact of Patient Mobility on Different Health Care Systems: A Welfare Analysis

Yaohui Dong Toulouse School of Economics

A4: ITC Data

Ce Shang UIC

Geoffrey Fong University of Waterloo

Breakout Sessions II

May 12 (Saturday) 8:00-9:15AM

B1: Cancer epidemiology: data and trend

The Chinese equivalent of SEER-Medicare and the Cancer Supplement of MEP

Yao Aaron University of Virginia

Availability of pediatric anti-cancer drugs in China(I140)

Bing Jiang Peking University

National Expenditures of False-Positives in A U.S. Lung Cancer Screening Program with Low-Dose Computed Tomography

Huo Jinhai University of Florida

Trends in the five-year cancer survivals among US born and Non-US born residents in the United States, 1975-2011

Hu Xin Yale University

B2: Health insurance: Effects of health insurance

Does health insurance save lives and improve health? Evidence from China

Hongqiao Fu Peking University

Disparity of social medical insurance protection on the catastrophic health expenditure of the functional limited elderly in China

Jing Wang Huazhong University of Science and Technology

Does China's Basic Medical Insurance System Satisfy Patients? Evidence from Hubei Province of China

Yan Zhou Huazhong University of Science and Technology

Health Insurance and Health Outcomes in the Older Population

Yuanyuan Ma Zhongnan University of Economics and Law; Trinity College Dublin

B3: Elderly care

Prevalence, variation trend and associated factors of self-medication in China: evidence from CHARLS panel data

Xiaodong Guan Peking University

Self-treatment for the middle-aged and elderly in China

Chenjin Ma Renmin University of China

Study on the Health Related Quality of Life and its Influencing Factors among the Elderly in Shaanxi Province under the Background of Aging

Qinxiang Xue Xi'an Jiaotong University

The willingness to pay for elder care and associated factors in home-dwelling elders – an analysis based on InterRAI-HC data

Zitang He Peking Union Medical College

B4: Health resources

Regional Comparative Study of Medical Resource Allocation Efficiency in Various Community Health Service Stations in Shandong Province

Leijie Qiu Weifang Medical University

Spatial Analysis on Health Resources and Health Cooperation

Gui Cao Renmin University of China

Analysis on the Simulation of Total Health Expenditure in China Based on System Dynamics Model

Liqing Li Department of Management Science and Engineering

Exploring the effect of weekend admission on health outcomes of acute myocardial infarction inpatients in Shanxi, China

Xiaojun Lin Huazhong University of Science and Technology

B5: Chinese Health System

Study on the Promotion of Holistic Care Model and the Roadmap of Healthy China Strategy

Guozhong He

Kunming Medical University, Guizhou University of Engineering Science

The Impact of China Health System Reform on its Health System Efficiency: A Synthetic Control Method Analysis of 49 Upper Middle Income Countries

Luyu Zhang Peking University

A Review of Data Sources for Studying Economic and Policy Aspects of China's Health Systems

Ziwei Song

Dose Chinese New Health Reform care about the patient safety: an evaluation of human resource and capital investments on public hospitals in county level

Pengqian Fang Huazhong University of Science and Technology

B6: Primary care / Integration in health systems

Development and validation of smartphone-based virtual patients to assess the quality of primary health care in rural areas: a study protocol

Liao Jing Sun Yat-sen University

Social-ecological factors for first-contacts with primary healthcare in Xiamen, China

Ya Fang Xiamen University

The Impact of Health Insurance Integration on Healthcare Utilization in China

Bingxiao Wu Rutgers University

Village doctors' turnover intention and its influencing factors in China: a national cross-sectional study

Bingjie Shen Chinese academy of medical sciences & Peking Union Medical College

B7: Medical payment system

How does Hospital Payment Mechanism Play Its Role in China's Public Hospital Reform? The Policy Transmission Theoretical Analysis

Suwei Yuan Shanghai Jiao Tong University

Impacts of global budget payment system on a Chinese urban secondary hospital: a retrospective longitudinal study

Luwen Shi Peking University

Effectiveness evaluation of quota payment for specific diseases under global budget: a typical provider payment system reform in rural China

Haomiao Li Huazhong University of Science and Technology,

Effects of pharmaceuticals reimbursement criteria policy in Sanming

Ting Yin Peking University

B8: Mental Health

Association of Stigma, Depression, and Anxiety with Non-adherence to Antiretroviral Therapy in China

Man Jiang Fudan University

The disparity in mental health between two generations' internal migrants in China

Ling Li Sun Yat-sen University

Internal Migration and Mental Health: An Examination of the Healthy Migration Phenomenon in China

Chao Ma Southeast University

The mediating effect of positive psychological variables in the relationship between social support and depressive symptoms among Chinese shidu parents: a cross-sectional study

Wang Yang China Medical University

Breakout Sessions III

May 12 (Saturday) 9:30-10:45AM

C1: Cancer economics: economic evaluation

Economic Evaluation of Universal Lynch Syndrome Screening Among Patients with Colorectal Cancer

Hao Jing Geisinger Health System

DO ADVANCES IN BREAST CANCER TREATMENT RENDER SCREENING MAMMOGRAPHY NOT COST-EFFECTIVE FOR AVERAGE-RISK WOMEN?

Shen Yu UT MD Anderson Cancer Center

Chemotherapy use, end-of-life care, and costs of care among patients diagnosed with Stage IV pancreatic cancer

Yuhua Bao Weill Cornell Medical College

The approval, reimbursement coverage and price of new anti-cancer drugs in China

Jing Chen Peking University

C2: Cognition in Older Adults

Joint trajectories of cognition and frailty and associated burden of patient-reported outcomes

Zuyun Liu Yale University

Association of Olfactory Dysfunction and Cognition in Older Adults: The National Health and Nutrition Examination Survey (NHANES), 2013-2014

Jingkai Wei UNC Chapel Hill

Association of Depressive Symptoms and Cognition in Older Adults: The National Health and Nutrition Examination Survey (NHANES), 2011-2014

Meiling Ying University of Rochester

Association of Substituting Sedentary Time with Moderate-to-Vigorous Physical Activity and Cognition in Older Adults: The National Health and Nutrition Examination Survey (NHANES), 2011-2014

Jingkai Wei UNC Chapel Hill

C3: GLO Special Session I: Environment, Natural Disasters and Health

Something in the Pipe: Flint Water Crisis and Health at Birth

Rui Wang Tulane University

Major disease burden and all-cause mortality among the China largest multiple metal exposure cohort: Jinchang cohort

Zhiyuan Cheng Lanzhou University & Yale University

Long Term Health Consequences among Wenchuan Earthquake Affected Adult Survivors: Evidence from Literature and Empirical Data

Mingqi Fu Huazhong University of Science and Technology

Smog in Aging Brains: The Impact of Exposure to Air Pollution on Cognitive Performance

Xi Chen Yale University

C4: Hypertension

The Impacts of Full Coverage for Essential Medicines on Hypertension Therapy: a Longitudinal Study from an Eastern City in China

Xiaodong Guan Peking University

The effect of self-management on the health-related quality of life in hypertensive patients in Xiamen, China

Yanbing Zeng Xiamen University

A study of cost and reimbursement of hypertension outpatient treatment among urban elderly in Tianjin, China

Yue Qu Huazhong University of Science & Technology

Analysis on the medical expenses of hypertensive inpatients in urban areas from 2010 to 2013—Evidence from two provinces in south of China

Min Su Huazhong University of Science and Technology

C5: Hospital Performance Evaluation

Introduction of Chinese hospital ranking method from the aspect of theoretical framework, realistic choice and social effect

Luo Li Fudan University

Risk adjustment considerations in the context of evaluating hospital quality of care

Zhenqiu Lin Yale-New Haven Hospital

CMS's Overall Hospital Ratings Are Biased Against Hospitals with Complex Patients and Broad Range of Services

Xu Susan Association of American Medical Colleges

Is the pilot public hospital comprehensive reform welcomed by medical staffs?—A 2000-case study of Wuhan, China

Siyu Tao Huazhong University of science and technology

C6: Drugs

Effects of drug procurement under cap price policy in Sanming

Ting Yin Peking University

The Analysis of the Current Situation of Medical Insurance Policy and Medical Insurance Catalog for rare diseases in China

Fei Liu Sichuan University

Decomposing the Effect of Drug Benefit Program on Antihypertensive Medication Adherence: Evidence from Xinjiang, China

Yuji Zhang Shihezi University of Medicine

Unique patterns of drug utilization in Shanghai Municipality, China

Hai Lin Shanghai Health Development Research Center

C7: Intervention and Behavior

The effects of financial intervention strategies on reducing the caesarean section rate: A systematic review

Chun Chen Wenzhou Medical University.

The Effects of Medicaid Primary Care Rate Increase on Prenatal Care Utilization, Maternal Smoking, and Birth Outcomes

Jing Li Weill Cornell Medical College

Knowledge, attitude, practice of sexual behavior and condom use among university students: a global review

Xiaoxu Wang Department of Surgery

Challenges and Opportunities in WIC Policy Research

Harry Zhang Old Dominion University

C8: Child Development: Education and intervention

Present Situation and Interventions on Sex Education of Senior Students in Primary Schools in Urban Fringe Area of Jinan

Shutong Huo Yale University

The Effect of Strengthening Physical Education on Academic Achievements of High School Students: Evidence from Shanghai High School Physical Activities Reform

Xiaochen Ma Peking University

Advancing Parenting Skills: Protocol for a Pilot Study on Early Childhood Intervention Using Text Messaging in Rural China

Donglan Zhang University of Georgia

The Effects on Inappropriate Weight for Gestational Age of an SMS based Educational Intervention for Pregnant Women in Xi'an China: a Quasi-Randomized Controlled Trial

Zhongliang Zhou Xi'an Jiaotong University

Breakout Sessions IV

May 12 (Saturday) 3:00-4:15PM

D1: Cancer policy: policy evaluation and research methodology

Integrative Epidemiological Studies of Calcium Intake and Colorectal Cancer to Inform Prevention and Control Strategies

Zhang Xuehong Brigham and Women's Hospital and Harvard Medical School

Factors associated with misclassification of node-negative colorectal cancers with tumor deposit

Zhang Lanjing & KJ Univ Med Center of Princeton/Rutgers Univ

Genetic testing and cancer beliefs among patients with breast/ ovarian and colorectal cancers

Hongye Wei The University of Georgia

Geographic disparities in types of cancer treatment and medical costs at the end of life for patients with cancer in China

Anli Leng Shandong University

D2: GLO Special Session II: Air Pollution

Air Pollution and Lung Cancer Mortality: Evidence from a Natural Experiment

Qing Han The University of Kansas

What Happens in the Womb under the Dome: The Impact of Air Pollution on Birth Outcomes

Xiaoying Liu University of Pennsylvania

Maternal Exposure to Ambient Air Pollution and Childhood Overweight and Obesity: A Prospective Birth Cohort Study in Wuhan, China

Shaoping Yang Huazhong University of Science and Technology

Maternal Exposure to Air Pollution and Risk of Neural Tube Defects

Jinzhu Zhao Huazhong University of Science and Technology

D3: Chronic diseases

Challenges and Opportunities for Reporting Population-Based Hypertension Measures Using Health Information Exchange (HIE) Data in New York

Feng Qian University of Albany

What affects the hospitalization expenses of rural residents suffering from coronary heart disease? Evidence from a poverty-stricken county of China

Pengqian Fang Huazhong University of Science and Technology

Intercorganizational collaboration: improving health outcomes for rural patients with chronic diseases

Yin Xuan Nanjing Medical University

Medical care study with psoriasis arthritis with SHI "big data" set

David Matusiewicz FOM University of Applied Sciences

D4: Healthcare expenditure and access

Analysis on burden of disease of insured inpatients of new rural cooperative medical system (NCMS) in China based on the investigation in Southwest China

Manqi Li Huazhong University of Science and Technology

The Legal Gain: The Impact of the 1986 Amnesty Program on Immigrants' Access to and Use of Health Care

Lanlan Xu IMPAQ International

Spillover Effect of Health Care Expenditure on Health-Related Quality of Life in China

Yafei Si Xi'an Jiaotong University

Evidence on access to medicines for acute and chronic diseases and medicine use in communities from household surveys in Beijing, China

Pengqing Deng Sichuan University

D5: Medical violence

Violence and Patient Response to Medical Disputes in China

Yuxian Du Texas A&M University

Prevalence and risk factors associated with workplace violence against general practitioners in China: A cross-sectional study

Zuxun Lu Huazhong University of Science and Technology

Workplace Violence Against Medical Students in Wuhan, China

Sobowale Kunmi Yale University

Measuring Public Reaction to Media Reports of Violence Against Medical Staff in China

Mengfei Yu Zhejiang University

D6: Tobacco Control and Population Health

The impact of China National Tobacco Company's cigarette 'premiumization' strategy on Chinese smokers' beliefs and brand-switching behavior between 2009 and 2013-15: Findings from the ITC China Survey

Steve Shaowei Xu

Smoking and cigarette pack size: evidence from 75 countries from 2007 to 2014

Kai-Wen Cheng

The Association between Cigarette Tax Structures and Price Variability-Evidence from a Large Number of Countries

Ce Shang UIC

What affects pregnant women exposed to secondhand smoke: a cross-sectional study in the border and minority urban areas of northwest China

Jiangyun Chen Huazhong University of Science and Technology

D7: Health inequality

A tale of two cities: Associations between Public Health Equity Policy and the utilization of maternal health care among migrant women in Guangdong, China

Wen Chen Sun Yat-sen University

Targeting More Precisely to Vulnerable Groups When Allocating Health Professionals in Rural China

Suhang Song Peking University

Internet Access and Urban-rural Disparity of Hypertension Self-management Among the Elderly Population in China

Yinzi Jin Peking University

Does Universal Health Coverage Imply Equitable Access to Inpatient Care among Older Adults in China: Evidence from the CHARLS baseline survey

Huiwen Xu University of Rochester Medical Center

D8: Session on Research Methods and Data

The Performance Evaluation of China pharmaceutical listed firms: A Three-Stage Bayesian stochastic random frontier analysis

Dan Li Southeast University

A statistical approach to analyze longitudinal data with report bias

Ye Shen University of Georgia

Generic Cost-Effectiveness Analysis Models: A Tool for Informed Decisionmaking in Precision Medicine

Jing Hao Geisinger Health System

Robust Bayesian variable selection for modeling mean medical costs

Liu Lei Washington University in St. Louis

Breakout Sessions V

May 12 (Saturday) 4:15-5:30PM

E1: Child Development: Child health

Association between Acculturation and Body Weight Status among Migrant Children in Guangzhou, China: A Cross-Sectional Study

Xiaoling Huang Sun Yat-sen University

Parental migration and Early Childhood Development in rural China

Wubin Xie George Washington University

Availability, prices and affordability of essential medicines for children in Jiangsu Province, China

Xin Li Nanjing Medical University

Grandfathers and Grandsons: China's New Rural Pension Scheme and Child health

Jinyang Yang Virginia Tech

E2: Diabetes, metabolic syndrome, Viral Hepatitis

Cost effectiveness of patients' education for people with diabetes: a review of literature

Xinjun Jiang Peking University

Educational disparities in the associations between self-monitoring of blood glucose and glycemic control in type 2 diabetes patients in Xiamen, China

Yanbing Zeng Xiamen University

Is metabolic syndrome the symbol of economic development and social transformation?

Evidence from the China National Stroke Prevention Project

Wenzheng Li Huazhong University of Science and Technology

Spatial-temporal Epidemiology of Viral Hepatitis in China (2003-2015): Implications for prevention and control policy

Bin Zhu Xi'an Jiaotong University & City University of Hong Kong

E3: Case studies in integrated service delivery

People-centered integrated care in China—a case study of Luohu

Linlin Hu Peking Union Medical College

Does A Medical Consortium Influence Health Outcomes of Hospitalized Cancer Patients: An Integrated Care Model in Shanxi, China

Miao Cai Saint Louis University

System Dynamics Modeling Study on Hierarchical Medical Care System and Policy Simulation: A Case study in Zhejiang Province

Hao Zhang Hangzhou Normal University

An integrated medical-nursing care model for cognitively-impaired elderly in Northern China:

Practice, Perspectives and Prospects

Ruihua Zhang Capital Medical University of China

E4: Patient satisfaction and patient-doctor relationship

Exploring pathways to outpatients' satisfaction with health care in Chinese public hospitals in urban and rural areas using patient-reported experiences

Xuanxuan Wang Nanjing Medical University

Intervene patients' behavior by stereotype decline: Research on the Doctor-Patient Relationship among Internet Users

Run Liang Zhejiang University

Job Burnout is Associated with worse Doctor-patient Relationship among the Village Doctors in Rural China

Wenjun Zhang Beijing Normal University

The Impact of Online Physician Ratings on Patient Choice

Xuan Li Lehigh University

E5: Diet

Pathways of behavioral factors mediating between Socioeconomic Status and Obesity: Evidence from China Health and Nutrition Survey

Yuxuan Gu Zhejiang University

Will Low-Income Populations Love Spicy Foods More? Accounting for Tastes

Xueling Yan Sichuan University

Cost-Effectiveness of Financial Incentives and Disincentives for Improving Diet and Health through the Supplemental Nutrition Assistance Program

Junxiu Liu Friedman School of Nutrition and Policy

Modeling food access and fruits and vegetables consumption in a rural community of Texas

Nicole Katapodis University of Georgia

E6: Urban-Rural disparities

Urban-rural Disparities in Health Care Utilisation among Chinese Adults from 1993 to 2011

Jiajia Li Shandong University

What do really cause the disparities of chronic disease between urban and rural medical insurance coverage: A cross sectional study of CKD inpatient from Wuhan, China

He Wang Huazhong University of Science and Technology

Rural-urban disparity in category II vaccination among children under five years of age: Evidence from a survey in Shandong, China

Chengchao Zhou Shandong University

Effect of China's maternal health policy on reducing the gap between urban and rural women's hospital delivery: Evidence from two cross-sectional surveys

Xiaojing Fan Xi'an Jiaotong University

E7: Workforce in hospital

Work Efficiency of Hospitals in Poverty Areas: A Case Study of County-level Public Health Service and Hospitals in Mainland China

Rui Min Huazhong University of Science and Technology

Analysis of the job satisfaction of China's grassroots malaria control staff and its influencing factors in the stage of malaria elimination

Gang Li Huazhong University of Science and Technology

An exploratory factor analysis of selected physicians' career related needs in Shanghai, China

Yuan Min Fudan University

Career related Needs satisfaction and behavioral intentions of selected physicians in Shanghai, China

Jiatong Zou

E8: Hospital resource allocation and equity of access to hospital services (Chair: Director Xianqun Fan)

How does Hospital Payment Mechanism Play Its Role in Health Service Outcomes Change under China's Context? The Policy Transmission Theoretical Analysis

Jin Ma Shanghai Jiaotong University

A cross-sectional study about cesarean section in Shanghai: clinical needs vs. social factors and related costs

Guohong Li Shanghai Jiaotong University

Feasibility of Hierarchical Diagnosis and Treatment in Shanghai

Huang Cheng Shanghai Jiao Tong University

The Hospital Dean should learn the patient's thinking model - advice to hospital management reform and resource allocation

Chenli Wang Shanghai Jiaotong University

Keynote Speakers

Opening Speech

Sten H. Vermund, M.D., Ph.D.
Anna M.R. Lauder Professor of Public Health
Dean, Yale School of Public Health

Keynote Speech (May 11 Friday)

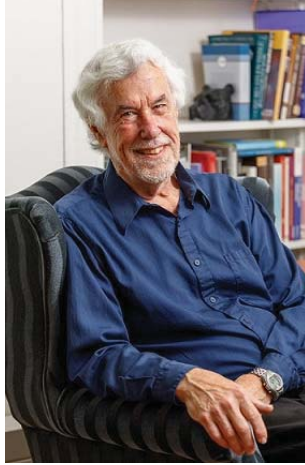

Lincoln Chen, M.D.
President, China Medical Board

Paul Cleary, Ph.D.
Anna M.R. Lauder Professor of Public Health
Former Dean, Yale School of Public Health

Harlan M Krumholz
Harold H. Hines, Jr. Professor of Medicine; Director, Center for Outcomes Research and
Evaluation, Yale-New Haven Hospital

T Paul Schultz, Ph.D.

Malcolm K. Brachman Professor Emeritus in Economics
Former Director of Economic Growth Center, Yale University

Jody L. Sindelar, Professor of Public Health (Health Policy) and Economics
Yale University

Keynote Speech (May 12 Saturday)

Michael Grossman, Ph.D.

Professor and Director of Health Economics Program
National Bureau of Economic Research (NBER)
Advisory Board Member, CHPAMS

Gonghuan Yang, M.D.

Professor and Former Vice Director, China National CDC

Winnie Yip, Ph.D.

Professor of Global Health Policy and Economics
Harvard T.H. Chan School of Public Health
Advisory Board Member, CHPAMS

Lunch Speech (May 11 Friday)

Celebrating a century of modern western medical education in China pioneered by China Medical Board (founder of Peking Union Medical College) and Yale-China Association (founder of Xiangya Medical School)

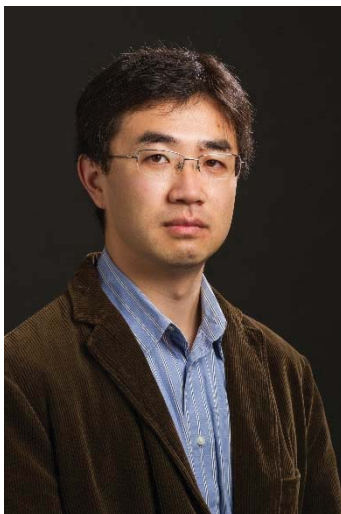

Lincoln Chen, M.D.
President, China Medical Board

David Youtz
President of Yale-China Association

Invited Sessions and Panels

Special Session: "Mining Gold" from Big Data in Healthcare (May 11 Friday)

Shuangge Steven Ma
Professor of Biostatistics, Yale School of Public Health

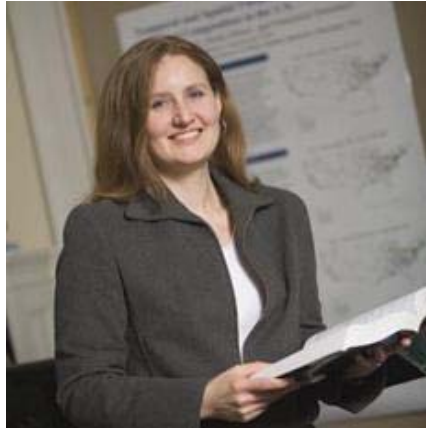

Hongyu Zhao
Department Chair and Ira V. Hiscock Professor of Biostatistics, Professor of Genetics, Statistics and Data Science, Yale University

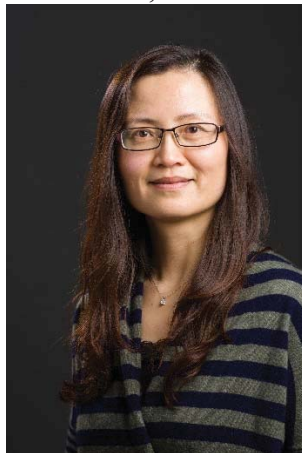

Gongwei Zhou
Vice Director, National Center for Statistics and Information, Ministry of Health

Roundtable: Environment, Climate Change and Health (May 11 Friday)
(Joint with Yale Climate Change and Health Initiative)

Michelle L. Bell, Mary E. Pinchot Professor of Forestry and Environmental Studies and Professor of Environmental Health, Yale University

Yawei Zhang, Section Chief Surgical Outcomes and Epidemiology, Yale Department of Surgery; Associate Professor, Yale School of Public Health

Special Reception: Celebrating 10th Anniversary of CHPAMS (May 11 Friday)

感谢篇
